

MEMORANDUM

TOWNSHIP OF BRISTOL

TO : Owens-Illinois Forest Product Dividison
FROM : State Road, Croydon, Pennsylvania 788-7846
Mr. Thomas Meyers, Housing Inspector
SUBJECT: Sewer tie in to the Bristol Township Sewer System.

DATE : 9/6/68

110415

Mr. MacDonnell, the Plumbing Inspector, and I went to Owens-Illinois plant on State Road, Croydon, to discuss with the plant engineer and plant superintendent, as to what steps should and could be taken to tie into the Bristol Township Sewer System. They are discharging waste water from their plant into a ditch into the field.

They will have an analysis taken from this water as it is being discharged from the plant and also an analysis of the water in the ditch. If this water can be discharged into the Bristol Township Sewer System, they will be glad to do so. They will send a copy of this analysis to Mr. Paul Blatter, and one copy to this office.

Thomas Meyers
Thomas Meyers, Housing Inspector
